PHEIM Supplemental Master Prospectus

A. SECTION 1 – DEFINITIONS (Page 3 of the Master Prospectus)

The following definition of “Acceptable Foreign Currencies” and “Best-efforts Basis” are hereby inserted to this section:

Acceptable Currencies	Foreign	Refers to foreign currencies acceptable by Maybank’s Master Foreign Currency Account (MFCA).
Best-efforts Basis		Means in the context of foreign exchange (FX) conversion, the Manager will make its utmost attempt to negotiate with Maybank for the most favourable rate. However, it does not guarantee a specific exchange rate, and the actual rate obtained may vary depending on market fluctuations and liquidity.

B. SECTION 4 – RISK FACTORS (Page 32 of the Master Prospectus)

The following new risks are hereby inserted in Section 4 of the Master Prospectus after “4.2 Specific Risks” and “Sustainability risks” of the First Supplemental Master Prospectus with the following information:

4.3 Other Risks

4.3.1 Risks Associated with Payment of Transactions Made in Acceptable Foreign Currencies

In addition to the general risks and specific risks disclosed in the earlier sections, the following are the other risks associated with the payment of transactions (subscription, redemption and income distribution-payout) made in Acceptable Foreign Currencies:

- a) *Exchange Rate Risk and Market Volatility* – Exchange rate risk arises from the volatility in currency markets. Investors should be aware that the value of one currency against another can change rapidly. This volatility can result in losses, and it is important for investors to exercise caution when conducting large transactions of the currency they would like to transact in.
- b) *Regulatory and Legal Risks* – Currency exchange is subject to various regulations in different jurisdictions. Changes in regulatory policies can impact the ease and cost of conducting foreign exchange transactions. Additionally, when investors choose the currency they would like to transact in, they should be aware of potential legal risks when dealing with unfamiliar currencies and foreign financial markets.
